

NOW THEN DISCOUNTS APP

BE INDEPENDENT. BUY INDEPENDENT.

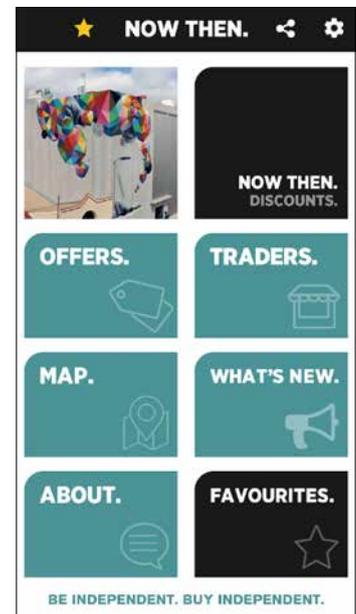

WHAT IS IT?

The Now Then Discounts App is a free-to-download tablet and smartphone app developed by Opus Independents to support Sheffield's independent traders. Since its launch in September 2014, the App has had over 20,000 downloads and currently supports over 40 traders. The platform increases awareness of local businesses by providing an innovative and accessible marketing tool which supports the local economy.

The App encourages consumers to make shopping locally and independently an everyday, ethical choice by showcasing discounts, offers and promotions chosen by you, the trader, and making them available at the touch of a button.

Since launching, we have developed functionality with additional features, including monthly automated emails to traders, push notifications to app users, and a What's New section. We intend to continue updating the App regularly to ensure that we maintain a cutting-edge approach to online marketing.

WHAT ARE THE BENEFITS?

The Now Then Discounts App has received a universally positive reception from users and is currently rated 4.5 out of 5 stars on the Google Play Store.

The App encourages people to spend their money with independent traders in Sheffield. It provides an informed incentive to purchase by offering discounts and promotions to the public. Each trader has the option to change offers each month, allowing you total control over your products and services.

**86% OF PEOPLE WERE
'EXTREMELY INTERESTED' OR
'VERY INTERESTED' IN A NOW
THEN DISCOUNTS APP**

The App benefits traders by providing an affordable platform for businesses to market their products and services across a varied and actively engaged online demographic. Traders will also receive monthly updates on offer hits, enabling you to track the success of your profile and discounts. The App aims to make independent traders more competitive with their corporate equivalents and provide a constant marketing presence for all businesses who sign up.

USER REVIEWS

“Top Stuff Great offers, great independent shops. The way forward.”

“Great app, great offers!! Nice app, works well on both my devices.”

HOW DO WE MARKET THE APP?

- A regular advert promoting the App in Now Then Magazine (30,000 readership), plus editorial features focusing on new offers added to the What's New page and a mini-section in the opening spread.
- Facebook, Twitter & Instagram support (over 20,000 followers), including a sign-up tweet for each trader and ongoing promotion of featured offers.
- In-store posters and window stickers to promote the App, provided by Opus Independents.
- Flyers distributed across the city and into the Peak District.
- On-screen adverts before films (15 certificate & above) at the Showroom Cinema.
- Prominent inclusion on Opus Independents website.
